I'll ask the IO to move the Biotech briefing on 3/25. FYI - we were going to change that meeting to the Oxitec briefing anyway because there's a Biotech briefing already scheduled on 3/22.

I can joint at 3pm. It looks like the Biotech briefing will need to move from the current time period on that day as I have a conflict with employee engagement.

Just verifying everything is still on for the March 25th call? Also, is there a particular bio or synopsis of the discussion you'd like me to put on the Agenda document? Thanks.

Ann,

Our monthly call actually doesn't start until 2:30 pm Eastern, so if you blocked off his schedule from 2:30-4 pm, that would probably be fine. Or, if he doesn't plan to stay for the whole call, we could make sure his agenda item is in the first section as needed. Thanks!

Subject: New OPP Director Meet & Greet at the Ag Issues Forum Call on Thursday, February 25th Ag Issues Forum call?

Ed,

When you gave your PFAS presentation at the Ag Issues Forum call last month, you mentioned that you'd like to schedule a time for a meet & greet for the new OPP Director. The next call is Thursday, February 25th from 2:30 – 4pm ET. If you are still interested, will that date and time work for you guys, or should I pencil you in for later in the year? Thanks.

Background about the monthly Ag Issues Forum call: EPA's Ag Center sponsors monthly calls on ag issues the fourth Thursday of every month from 2:30 – 4pm ET. Participants in the call are staff from EPA HQ and Regions interested in ag, and reps from USDA, OSHA and USGS as their schedules allow. No states on the call. The calls are multi-media and cover a variety of topics – usually anything happening in EPA that is ag-related. Because participants come from a variety of backgrounds, we don't usually get too technical and keep the discussion at such a level that everyone can

understand and participate. Others from your office are welcome to participate, as well. If there are materials you'd like us to distribute prior to the call, we are happy to do that, or to provide helpful links for participants.

Thanks!

Possible. Messaging about this has been highly coordinated so I would need to check in with the OCSPP front office. Mike and Darlene let's put on our agenda. Ann please work with Sara to put a hold on my calendar.

Ed

Subject: Available to give PFAS in pesticide containers presentation on Thursday, January 28th Ag Issues Forum call?

Ed, Kimberly and Mike,

I learned a lot at your presentation to the Ag Advisors on PFAS contamination in pesticide storage containers yesterday and was hoping someone in your office would be willing/able to give a similar presentation to the larger group on our next monthly Ag Issues Forum call. The next call is scheduled for Thursday, January 28th from 2:30 – 4pm ET. Would someone be available for a brief talk?

Background about the monthly Ag Issues Forum call: EPA's Ag Center sponsors monthly calls on ag issues the fourth Thursday of every month from 2:30 – 4pm ET. Participants in the call are staff from EPA HQ and Regions interested in ag, and reps from USDA and USGS, as their schedules allow. No states are on the call. The calls are multi-media and cover a variety of topics – usually anything happening in EPA that is ag-related. Because participants come from a variety of backgrounds, we don't usually get too technical and keep the discussion at such a level that everyone can understand and participate. Others from your office are welcome to participate, as well – you can just forward the scheduler to them. If there are materials you'd like us to distribute prior to the call, we are happy to do that, or to provide helpful links for participants.

Thanks!
